BUTTERY & JUICY

FLAVOR:

Delicate, sweet and heavenly. Super nice vanilla almond butter and cashew flavors in the middle are balanced with sweet and clean stone fruit juice in the opening notes. Hints of sweet pea blossoms and cocoa and kola nut bless the long creamy finish. Just a touch of lightly dusted sweet lemony citrus in the opening. Hauntingly lovely.

FARM:

Just outside of Petrocinio Brazil, lies the renowned fazenda of Chapadao de Ferro where Ruvaldo Delarisse produces some of the most spectacular coffees of the Cerrado Region. It is a small farm of around 250 hectares and due to its location inside of an extinct volcano, the Mundo Novo and Cattui coffee trees flourish with the mineral rich soil. Ruvaldo produces a pulped natural and a natural offering which he names after his two daughters Thais and Francis.
